

Hi, I am Mr. Smith, your local NHS dentist...

...and anyone can make an appointment.

Did you know, there are more NHS dentists in your area than you think and it's easy to make an appointment? With treatment starting at £16.50* for a check up for those who have to pay (remember it's free for children and exempt* adults), that's not just good availability, that's good value too.

To find your local NHS dentist please call NHS Direct: 0845 4647
